

# Yui Onodera\_solo\_LIVEset\_Techrider (Stereo Ver)

## AUDIO SETTING & STAGE PLAN

Audio Outputs : 1 stereo output ( main out ), 2xTRS

Electrical outlets : electrical power outlet×2 ( AC-100v, japan standard plugs ) in Japan's case

The setup can not be unplugged between soundcheck and performance. The table could potentially move to the side of the stage if all the equipment remains connected.

No live stream and no use of a recording of the performance without approval.
